ROUTE IMPROVEMENTS COMING SOON

The City of Lewiston will be constructing improvements during the summer of 2014 on 18th Avenue, between 10th and 18th Streets. The reason for the project is to improve and enhance pedestrian and bicycle traffic and identify the bus route. Wider sidewalks and traffic calming amenities will be put in place along with bicycle routes and curb appeal.

This project is being funded by grants from the Federal Transit Administration (FTA) and the Community Development Block Grant Program (CDBG).
